

# Knee Revision System

## BENEFITS

- Ergonomic Radel® R handles are comfortable and withstand repeated sterilization.
- Flexible Osteotome Blades with Quick-Coupling Handle offer quick changes during surgery.
- Various cement removal instrument tips accommodate all types of revision situations.

As the number of worldwide knee revision surgeries increase, so does the need for an effective knee revision instrument system. Symmetry Medical's Knee Revision System offers a complete set of instruments.

Our Knee Revision instruments are easily recognized and organized in trays. The system includes our popular cement removal tips and ergonomically designed Radel® R handles and instruments for implant removal.

Contact your local Sales Manager for more information.
