

KNEE REVISION SYSTEM

As the number of worldwide knee revision surgeries increase, so does the need for an effective knee revision instrument system. Symmetry Medical's Knee Revision System offers a complete set of instruments.

Our Knee Revision instruments are easily recognized and organized in trays. The system includes our popular cement removal tips and ergonomically designed Radel® R handles and instruments for implant removal.

- Ergonomic Radel® R handles are comfortable and withstand repeated sterilization
- Flexible Osteotome Blades with Quick-Coupling Handle offer quick changes during surgery
- Various cement removal instrument tips accommodate all types of revision situations
- Complete Hip Revision System Part #: 30-006-000
